

CONNECT TO IMPACT

At International Schooling, we are committed to our vision of providing world-class K12 education to each and every student enrolled in our school and our mission is to create a positive difference in the life of each and every student who we connect with.

Our '**Connect to Impact Program**' is designed to encourage every student to have a meaningful dialogue with us where we can understand the student's interests, academic knowledge and learning style in more detail and then integrate him/her in our school accordingly, in the appropriate grade that he/she is most likely to do well in.
